Residential located in a privileged area of San Pedro del Pinatar. It is situated between two seas: the Mediterranean Sea and the Mar Menor. Residents of this area have a unique opportunity to choose between enjoying the warm waters of the Mediterranean Sea or the salty lagoon of the Mar Menor, the largest salt lake in Europe. The Mar Menor is ideal for practicing a large number of water sports; With its shallow, calm waters, it is ideal for young children's swimming and other water activities such as swimming, surfing, kayaking, and windsurfing. When the shores of the Mediterranean Sea are shaken with the east wind, the surface of the Mar Menor remains calm.
